Summary

An experienced data analyst and team leader. I take pride in transforming data into business insight and building teams that perform as more than the sum of their parts. I'm looking for work with a purpose that also provides a challenge.

Experience

Grant Leading Technology

Data Scientist and Consultant   *2018 - Present*

- Technical lead for FAA property data visualization, covering more than $9 billion in managed property.
- Built machine learning models to analyze and predict vehicle fleet fuel use, mileage, and accident rates, resulting in improved FAA vehicle training policy.
- Wrote and maintained open-source R packages to interface with existing Federal APIs, improving FAA reporting automation and reducing errors.
- Managed development of the FAA-wide vehicle recall status tracking system, reducing outstanding vehicle recalls by 90%.
- Applied systems theory to model complex interactions between business units, and proposed workflow process improvements based on those models.
- Wrote, built, and administered rollout of a new company-wide employee evaluation system.

Cogentis Therapeutics

Cofounder / Chief Data Officer   *2014 - 2018*

- Developed financial models which reduced investor risk and controlled experimental risk for increased stability in the startup ecosystem.
- Created company data standard operating procedures (SOP), code books, and data dictionaries.
- Prepared data visualizations for company communication, publication, and grantwriting.

US Army 20th Special Forces Group

Advanced Skills Instructor   *2009 - 2011*

- Senior CQB/Close Combat Instructor for US Army, US Navy, and NATO forces in close quarters combat (CQB), fighting in built-up areas (FIBU), advanced urban combat (SFAUC), and advanced special operations (ASO).
- Lead a team of 5 – 10 junior instructors; responsible for subordinate instruction in firearms and small unit tactics proficiency, range preparation, and field exercise coordination.
- Developed a metrics-based training evaluation system to A/B test multiple techniques.

US Army 10th Special Forces Group

Special Forces Communications NCO   *2004 - 2009*

- Trained and advised more than 2,000 foreign military and police force personnel in patrolling, advanced urban combat, marksmanship, and mission planning.
- Participated in more than 250 named missions across Afghanistan, Africa, and Eastern Europe in support of US and NATO counterterrism efforts.

Education

Massachussetts Institute of Technology
